Individual teachers may request additional items.

Effingham High School

Needed class supplies are class specific and are dependent on the classes in the students schedule. Teachers should direct high school students toward the needed supplies on one of the first days of class. However, a general guide would be to have notebooks and folders or a binder for each of your academic classes.

It is recommended that all incoming Freshmen purchase a graphing calculator, model #TI-84, needed for math classes all four years for Algebra I, Algebra II, Transitional Math, and all dual credit math classes.

Students may also choose to rent a calculator for the year by communicating with their math teacher on the first day of class.

All High School students are encouraged to bring **their own hand sanitizers, wipes, and Kleenex for personal use.**
